

International Fresh Produce Association
Career Pathways Internship Program

Sustainability & SciTech Internship Description

Sustainability & SciTech Interns will support the Science and Technology unit, working in collaboration with Food Safety, Research, and Government and Nutrition Policy interns. Interns will gain firsthand experience of industry sustainability issues, science and technology solutions, regulatory and legislative policies, public and private investment, and related issues impacting industry sustainability.

PROJECT EXAMPLES, but not limited to:

- Sustainability Case Studies. Interview the members and write a case study.
- Research work for the Fresh Produce Research Center to identify prospective researchers
- Develop a list of terms and definitions related to sustainability and/or create a comprehensive USA based list of outlets for produce with short shelf life.

LEARNING OBJECTIVES:

- Work collaboratively, applying knowledge and skills, to complete assigned projects
- Build technical, leadership and communication skills
- Develop emotional intelligence, problem solving and accountability competencies
- Get firsthand experience of IFPA, the industry and its career opportunities
- Benefit from structured peer-to-peer networking sessions, which, combined with the direct engagement with industry members and a personal 'career ambassador,' contribute to a robust learning environment

MINIMUM QUALIFICATIONS:

Must currently be a Sophomore or Junior (rising Junior or Senior undergraduate student at the time of the summer of 2023 internship) in a STEM based or Agriculture degree program at an accredited college or university in good standing and be eligible to work in the United States.

- Pursuing a degree in food science, agriculture, sustainability, environmental science or policy, political science, public administration, or a related field.
- Must have a current GPA of 3.0 or above.
- Able to function in a collaborative work environment and independently with strong time management and remote working capabilities.
- Possess excellent communication skills both orally and written to internal and external audiences.
- Must have a basic understanding of fresh produce and floral industry.
- Proficient in Microsoft Office applications
- **Must be authorized to work in the United States** and able to provide necessary paperwork and information (Social Security Number, W-8 or W-9. Etc.) **upon request prior to the onsite Orientation.**

HOURS and DURATION:

- Part-Time Internship - approximately 20 hours/week with established and communicated working hours.
- Internships will take place during the summer semester, tentatively beginning the week of May 15th and culminating in the week of July 17th.
 - Interns ***should not have*** vacations scheduled during this ten-week period.
 - *Paid Time Off will not be permitted.*

- Interns must plan to be available to join peer-group calls as indicated in the [tentative Internship Call Schedule](#) as well as calls with Subject Team members and Industry Mentors as agreed upon throughout internship.
- Internships will be remote; with the exception of the Orientation/Welcome and concluding Project Presentation being in-person at the IFPA office(s). Travel for the onsite meetings is mandatory. Travel costs and outlined expenses for the time at the in-person meetings will be reimbursed.

COMPENSATION AND BENEFITS:

- Interns will receive a total stipend of \$4,400 for the 10-week internship
 - Payments of \$1,100 will be made four times over the 10-week Internship
 - **If work or call attendance/participation is deemed unsatisfactory** and termination is decided, payment amount will pro-rated up to the point of termination.
- There are no leave benefits.
- There is no health, dental, retirement or life insurance benefits.
- Internships will be remote/virtual with the exception of travel for the Orientation/Welcome and concluding Project Presentation.
- Travel costs, accommodations, and other outlined expenses for in-person meetings at IFPA office(s) will be reimbursed by IFPA.
- Interns will receive an IFPA issued laptop for use for the duration of the internship.

APPLICATION PROCESS:

Funding for this position is grant-based, with the goal of promoting participation in the agriculture and food systems workforce by groups who are noticeably underrepresented in the field, including but not limited to women and people of color. Interested applicants who possess minimum qualifications for this position must first [create an account](#)
